Lodge Urges Everyone To Display Old Glory

is one of the outstanding events on the calendars of Elks lodges throughout the country and an impressive ritual is carried out to honor the Stars and Stripes.

Rabbi Mark Kessler, of the Oak be the principal speaker on the program. Elks, in addition to Chairman Tippy, who will carry out the organization's tribute to the flag include R. D. Shaffer, co-chairman from K-25; G. A. Jamie-son, also of K-25 and Exalted Ruler of the local lodge; C. L. Sut-@ ton, of K-25; W. H. Hildebrand, Oak Ridge National Laboratory; and G. L. Tevis, Management Services, Inc.

during the ceremonies, including presentation of "The Star Spangled Banner," "America" and "Auld Lang Syne."

A color guard of representatives of the veterans' organizations in Oak Ridge also will participate in the ceremonies.

Following the program, a fire-works show will- be staged. The show will be under the direction of Oak Ridge Police Chief C. T. Vettle with all safety precautions taken against fire hazards.

In the Elks program, the evolu-tion of the flags which have been recognized by the country will be described, from the first English flag that flew over the colonies from the time of the arrival of the Pilgrims at Plymouth Rock in 1620 to the present. The first departure from the English flag was the Pine Tree Flag that was used by the Continental troops at the Battle of Bunker Hill—then came the American Flag of "thirteen stripes of alternate red and white with a union of thirteen stars of white in a blue field, representing the new constellation," according to the resolution.

Who designed the first American Flag? Legend has it that Betsy Ross designed the original Stars and Stripes, but the fact is that historians have never been able to definitely determine the identity of the actual designer.

As a part of their objective of honoring the American Flag, the Elks have urged every family and firm in the city to "show your colors" on Flag Day by displaying the American Flag. To aid in this movement the Elks have placed on sale through the Hamilton Na-tional Bank and the Bank of Oak Ridge American Flags three by five feet in size mounted on a staff. They are being sold at cost of \$1.98.

TASTY ENTREES OFFERED ON SPECIAL LUNCHES

Tasty entrees have been announced for the Y-12 Cafeteria Special Lunches for tomorrow, Thursday, June 14, and next Tuesday, June 19. The 50-cent Special Lunch tomorrow will feature creamed turkey on toast while ham croquettes with parsley cream sauce being the main dish next Tuesday. Each Special Lunch also includes one vege-table, choice of salad or dessert and rolls and butter.

R. R. TIPPY Flag Day Chairman

UCNC Auction Sale Recorded music will be played Set Next Wednesday

Y-12ers May See Items At Elza Warehouses

Y-12ers interested in bidding for items to be auctioned by the Union Carbide Nuclear Company Property Sales Department next Wednesday, June 20, may inspect the items to be offered at the Property Sales Department warehouses on River Road, near Elza Gate, prior to the sale. The warehouses and articles for sale will be open for inspection beginning tomorrow, Thursday, June 14, through next Tuesday, June 19, including Satur-day and Sunday, June 16 and 17.

400 Items To Be Offered

The UCNC auction will be held at the Oak Terrace ballroom from about 10 a.m. to 6:30 p.m. About 400 items of excess material, property, equipment and salvaged or unserviceable items will be offered for sale, which will be conducted by the Douglas Corp., Milwaukee, Wis., which conducted an auction sale of Rust Engineering Co. sur-

plus materials.

The UCNC offerings at the auction will include 30 sedans, 30 trucks, including pickups, a tank truck, one lot of miscellaneous lumber, various lots of electronic and electrical materials, several

compressors and other articles. Retail Sales Suspended

All Carbide employees are reminded by the Property Sales Department that the usual retail sales of surplus materials at the Com-pany warehouse will be suspended for the remainder of the month of June. They will resume in July, with sales being scheduled for twice monthly.

50 Attend B Shift Bingo: **Nurse Wins Attendance Prize**

About 50 guests attended the monthly bingo party given by Y-12ers on the B Shift last week. The party was held at the Veterans of Foreign Wars home. Louise Haydon, a nurse of the Medical Department, won the attendance prize. Employees on the B Shift, members of their families and friends attended the party.

FARMERS BUY AUTOS

Farm families in the country buy 10 per cent of the new auto-mobiles sold and six per cent of the used vehicles.

Y-12 Rebadging Program Finish Set For July 1

No Plant Admittance After That Date On Old Type Identification

The Y-12 Plant rebadging program, underway since last December, will be completed on July 1, it was stated last week by the Security Department. After that date no Y-12 employee with an old-type badge will be admitted to the plant.

Between now and July 1 any person seeking admittance to the Y-12 Plant Area with an old type badge will be allowed to enter only after his name and badge number have been taken by the guard on duty at an entrance portal. So it is important that any Y-12er not having had a new badge issued him since last December to report to the Security Department, Bldg. 9704-2, to obtain a new badge.

Status Will Be Checked

After July 1 any person seeking admittance to the Y-12 Plant Area on the basis of an old badge will not be permitted to enter. Such persons will be directed to report to the Security Department for determination of their status. If that is found in order, a new badge will be issued.

The new badging program in Y-12 required taking of new pictures for a large number of Y-12ers. Atomic Energy Commission security regulations require new pictures be made of all AEC contractors' employees every five years for proper identification. The new pictures show any changes in appearance of employees, such as moustaches grown or shaved off, growing baldness or other items pertaining to the facial appear-

New Formats Every Two Years
The AEC regulations also provide for new formats on badges every two years, also as a precaution against admittance of unauthorized persons to plant areas on identification badges that might have expired.

Proper badging of all Y-12ers is one of the prime security moves for the protection of the plant as the badges provide proper identifi-cation of all employees at all times. For that reason it is required that all Y-12ers wear badges in plain view while at work.

The Security Department ex-pressed appreciation for the cooperation of all Y-12ers in the rebadging program that is being completed.

SAFETY SCOREBOARD

The Y-12 Plant Has Operated 27 Days Or 905,148 Man-Hours (Unofficial Estimate) -

Without A Lost Time Injury Through June 10

"HAPPY ANNIVERSARY, JOHN AND LUCILLE MURRAY." The wedding anniversary—their 21st—of Y-12 Plant Superintendent John P. Murray and his charming wife, Lucille, fell on June 1, the night of the Y-12 Spring Dance at the Oak Terrace. It was announced to the guests by W. K. Whitson, Jr., center, Alloy Division Superintendent and master of ceremonies. More dance pictures appear on Page Four.

Promotions Are Given Three Y-12ers June 1

Bowers, Stanifer And Fielden Are Advanced

J. D. Bowers, Jr. C. Stanifer

Three Y-12 organizational changes, effective June 1, were announced last week. The three promotions were in different divisions, Manufacturing Office, Chemical and Maintenance.

In the Manufacturing Office Division, J. D. Bowers, Jr., of the Property Department, was pro-

moted from Engineering Ma-terials Coordinator to Prop-erty Department Supervisor. He has been Y - 12 emsince ployee March 14, 1944.

Cecil Stani-Gordon Fielden fer, a Technical Assistant in the Department of the Chemical Chemical Division, was advanced to the position of Assistant Process Foreman. He was employed in Y-12 on October 28, 1953.

The other promotion was that of Gordon E. Fielden, who was promoted from the position of Material Engineer in the Maintenance Planning Department of the Maintenance Division, to Material Engineering Supervisor. He has been a Y-12er since May 24, 1948.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Bonnie Sue Meredith, Produc-tion Assay; R. W. Locklin, Special Salvage; R. F. Graham and M. D. Bates, General Machine Shop; J. W. Rains and W. B. Shy, Buildings and Grounds; E. M. Williams, Maintenance Planning; W. L. Blackford, B Mechanical Operations, W. B. Blackford, B. Blickfield, Englished Bright States. tions; W. R. Ellis, Electrical Engineeding; A. D. Cotton, Mechanical; J. N. Lee, Janitors.

49ers And Bombers Tied In Loop Race

Pokes Lose But Hold Lead In National Group

Close battling continued at Pinewood Park last week in the two Y-12 Plant softball leagues, with a tie developing in the American League and the Slow Pokes holding onto a slim but undisputed lead in the National League in games through last Thursday.

When the dust settled last Thursday night it was the B Bombers and 49ers in a deadlock for the American circuit lead with two victories and no defeats each. All teams in each loop had seen action in the second half of the season in both circuits at that time. 49ers' Bats Were Booming

The 49ers, first half of the season champions in the American, whacked out a pair of overwhelming victories in their two appearances. The Alloys fell before a 21 to 1 onslaught and the Cubs were curbed by 11 to 2 as hurler Ed Sise continued his mastery of the opposition.

The B Bombers, 1955 champions of the plant and city of Oak Ridge, added their second victory of the season with an 8 to 5 win over the Wildcats. The Bombers fell behind in the second inning, but pecked away at Bailey's pitching to overcome the deficit in the later innings.

After their loss to the 49ers, the Cubs came back strong for a 14 to 3 win over the Alloy team, helped by a homer from the bat of Cava-

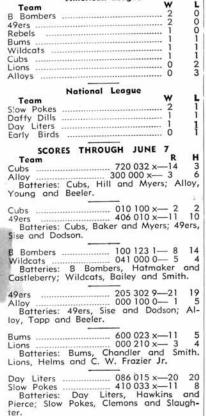

Dem Bums boosted their league average to an even split with a rousing 11 to 3 win over the Lions, starting out early with a six-run first inning and pouring over more tallies as the game progressed.

Liters Slaughter Pokes

The Day Liters and the Slow Pokes just about wore out home plate in their contest, the former upsetting the Pokes by 20 to 11. A big eight-run second inning provided the cushion for the victors.

Pistoleers Tied After Two Rounds

The Marksmen and Masters teams in the Y-12 Pistol League are tied for first place after two rounds of shooting in the summer season with three points won and one lost. The Sharpshooters and Experts are tied with one win and three losses each.

The Marksmen took two points from the Experts and the Masters beat the Sharpshooters by the same margin in the first matches on May 29. On June 7 the Marksmen and Sharpshooters split at one point each and the Experts and Masters did likewise.

In the first matches A. V. Bible, of the Experts, led individual scorers with 272 scratch and 295.498 handicap. On the Masters J. H. Rowan was top scratch scorer with 270 and J. V. Ledbetter had the best handicap score of 295.068. For the Sharpshooters R. L. Vanderpool had a 263 scratch and M. L. Woodard a 293.230 handicap for tops. The Marksmen were led by C. G. Brewster's 267 scratch and 292.456 scores.

In the June 7 firing O. C. Beatty was top gun for the Marksmen with 264 and 293.347. Vanderpool tops for the Sharpshooters with 273 and 292.508. J. C. Ezell led the Experts by firing 284 scratch, tops for the season so far, and 294.285 handicap. The Masters were paced by Ledbetter who posted 273 and 294.840.

Y-12er Is Official Of Junior League

With nine teams participating, the Oak Ridge Junior Baseball League swung into action last Friday night at Ridgeview Park, the city's only baseball diamond. Jess Guin, of the Y-12 Training Department, is secretary of the league. The schedule calls for games on Monday, Tuesday, Wednesday and Thursday nights of each week. Double-headers will be played each night.

The brand of junior league ball played in Oak Ridge in past years has been excellent and, as in previous years, many sons of Y-12ers will be performing with teams in the circuit. The Oak Ridge teams in the league represent the Lions Club, Eagles, Junior Chamber of Commerce, Kiwanis Club, First Methodist Church, Men's Club and the American Legion. For the first time the Oak Ridge loop will have two outside teams entered, coming from Kingston and Clinton.

Large Turnout Of Y-12 Golfers Is Expected At Martel Course For Second Tournament Of 1956 Season Slated For Saturday

6:30 a.m. Start Set; Prizes To Be Golf Balls

large attendance of Y-12 golfers from Oak Ridge as well as Knoxville, Rockwood, Harriman and other habitats is expected to turn out for the second plant-wide tournament scheduled for Saturday, June 16, at the Martel course near Lenoir City.

Competition is scheduled to begin bright and early at 6:30 a.m. with all players urged to be underway not later than 8:45 a.m. for their first nine holes. Every golf-ing group should be started on the final nine holes of their round not later than noon.

Course Reserved Until Noon

By arrangement with the Martel course authorities, the grounds have been reserved exclusively for Y-12ers until noon, so it is a matter of courtesy on the part of all plant players to have the last stages of their matches well under-

way by that hour. The greens fee for the Martel course is only \$1.25 for the 18-hole round of the tournament.

The tournament will be medal play with handicaps. Entrants will be divided into three groups, de-pending on handicaps. Golfers with handicaps of under 12 strokes will be placed in Division No. 1. Those with handicaps of from 12 through 22 strokes are in Division No. 2 and Division No. 3 will cover everyone with handicaps of more than 22 strokes.

Scorer To Give Handicaps

Handicaps will be given con-testants by the official scorer of the tournament at the beginning of play Saturday morning.

Winners in various classifications will receive a total of 22 awards of top-flight golf balls. First and second places in gross and net scores for 18 holes and first and second net scores for the first nine holes will receive prizes in Division No. 1. Awards in Divisions No. 2 and No. 3 will be identical with the first three low gross and net scores for 18 holes and the low and second net scores for the first nine holes being rewarded.

Ridge Golf Leaders Shoot To Deadlock

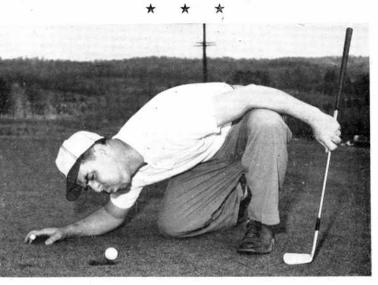

The C. E. "Fuzz" Harris - Al Gillen team and the Bob Orrison-Harvey Saylor duo, current leaders in the Y-12 Plant Golf League at Oak Ridge, battled to a three-point each draw last week in the weekly loop session. The Smith-Bartholomew pair lost a golden opportunity to forge to the top, as Ratjen-Snyder socked a four and one-half point trimming on them.

The only clean sweep win of the day was turned in by McLendon - Underwood, who blanked Mitchel-Tibbatts for six points, the victors climbing out of the cellar for the first time this year. Other matches saw Hines-Emlet take four points from Patterson-Peter-son and Holzknecht - Peckman battling Boyd-Oliphant to a draw.

Leading scorers of the week, net and gross, were Gentry Underwood 41-32, Art Hines 36-34, Jack Spears (sub for Peterson) 42-36, Gillen 37-36, George Mitchel 43-37. Jim Bartholomew 43-37 and Harold Ratjen 45-37.

ONE WAY TO DO IT-BUT IT'S AGIN' THE RULES-Jack McLendon, well known Y-12 golfer, had lots of trouble in the first Y-12 golf tournament of the season back on April 28 and finally resorted to this stroke-saving technique. Pals will be on the lookout for him to attempt a repeat of the performance in cases of emergency at the tournament coming up Saturday at Martel.

Tennis, Horseshoe Players To Hold Meet Monday Afternoon At Recreation Office

Responses to the notice for horseshoe pitchers and tennis players to make known their desires as to form of competition for the season has been good and the Recreation Department has called a meeting

of enthusiasts of both sports for 2° o'clock next Monday afternoon, June 18, at the department office, Room 221, Bldg. 9704-2.

A deadline of 4:30 p.m., Friday, June 15, has been set for receiving applications of Y-12ers wanting to play either one or both of the sports. Those interested are asked to fill out the blank appearing on Page Three of this issue of The Bulletin for the last time or to communicate with the Recreation Department, plant phone 7751, before the deadline date.

Either league or ladder competition, depending on the wishes of the players, will be arranged for the summer. Both men and women are invited to come out for tennis and horseshoe pitching and singles, doubles or mixed doubles play, can be arranged.

There was fine interest shown and sharp competition in both sports last season and a repetition is expected this summer.

Stevens And Braden Fish Rodeo Winners

C. L. Stevens, Jr., Colex Operations, monopolized the prize winning business in the A Shift Rodeo held recently on Ft. Loudoun Lake. He took first and second place in the bass fishing with a threepound and two-pound largemouth, thereby winning a spinning rod and reel. Paul Braden caught the most fish and was awarded a tackle box and dip net. About 25 fishermen participated in the

Standings Shaken In Knoxville Loop

Although the two leading teams in the Y-12 Plant Golf League at Whittle Springs in Knoxville did not play and remained undefeated at the head of the league, several changes were made further down the ladder for the May 26 period of play. In that time the Speas-Heins team had its unbeaten mark shattered and dropped from third to sixth place. Hill-Hilton and Huskisson-Wilburn advanced in the standings as did Cabe-Lovell. Other climbing teams were Countiss - Bowles, Barasso - Cook and Peterson-Lockhart.

Peterson's 34 score, cut to 29 with handicap, was best of the period. The Hill-Hilton 78-64 team mark was tops for the week.

Pops Is Tops On Father's Day Coming Sunday

Pops is Tops—or should be—come next Sunday, June 17.
That's Father's Day — the day dedicated by custom for the honoring of Dear Old Dad and paying him tribute for his devotion to his

Also, Father's Day concludes a month-long observance of Father-Child Month, dedicated to building a permanently free democracy through wise parental influence of the young. Planned by the Father's Day Council of America, the month has had the theme "Liberty Stems From The Home."

The custom of setting aside the third Sunday in June as Father's Day dates back to 1909, when Mrs. John Bruce Dodd, of Spokane, Wash., conceived the idea as a tribute to her own father who had successfully reared a family of children after the death of her mother.

Y-12 families planning to do that little something extra for Father's Day might be advised by a sug-gestion of the Father's Day Council for a big Sunday dinner for Dad. A suggested menu is soup, chicken, ice cream and cake and "all the trimmings" — with, of course, a leaning toward the favorite dishes of the honoree.

The official flower for the day is a red rose honoring the living and a white rose in tribute to the dead. The official color of the day

New Fishing, Hunt Licenses Required

Tennessee fishermen and hunters are reminded by the State new annual license sand permits now are required as the old ones expired on June 1. Tennessee's annual resident combined hunting and fishing licenses sell for \$2 and are effective from June 1 through May 31.

Trout and big game stamps also must be obtained for fishermen hunters engaged in those recreational activities, as they also expired on May 31. New trout stamps must be purchased by trout placed on sale by agents of the fishermen who fish for trout during the current open season.

The new licenses have been

Continued from Page 2

spent last week with kin folks in Kansas.

Baseball attracted Production Analysis folks this week . . . Rella Davis was in Cincinnati but plans to cheer for the Brooklyn Dodgers. . . . Also up there were Roy and Dairy Ward, who were guests of Cincinnati pitcher Paul LaPalme. The department is glad to have Fanny Arnold back again... Lively is taking a look at Canada . . . T. V. Gable is on a safari to New Mexico and Old Mexico to see the sights . . R. F. Barnes is taking a super-duper honeymoon at an undisclosed destination . . J. S. Steward spent June 2 and 3 visiting kin folks in Birmingham and on the same week end W. H. Fahr had a visit from his mother and

The Sunday School class was composed of three-year-olds. The teacher asked:

"Do any of you remember who St. Peter was?"

The little faces were full of interest but the room was quiet. Then, from the back of the room came a tiny voice:

"I fink he was a wabbit."

Remember - Only you can PREVENT FOREST FIRES!

two sisters from Birmingham . W. D. Cunningham and Floyd J. B. Ensor is farming at Center Hill this week . . . C. E. Walker is adding a new look to his Oliver Springs home . . . Preston Dillard, son of J. P. Dillard, is home from the Army for a visit . . . June 4 was a field day for E. R. Easterday—he attended his son's grad-uation from the University of Tennessee in the morning and similar exercises for his daughter the same night at Powell . . . Here's hoping **T.** A. **Keith** will be up and away from his ailments real soon.

MANUFACTURING OFFICE

Plant Records associates and many other friends of Pauline Barnhill extend condolences to her over the death of her father last week . . . Helen Brown is bound for Tampa, Fla. . . . Violet San-ford for Roanoke, Va., and spots anonymous . . . Malcolm Peters visited a brother in Chattanooga last week.
